08th December 2015

**Re: North-South 400 kV Interconnection Development
Co. Monaghan, Co. Cavan and Co. Meath**

Dear Sir,

I refer to your letter of 11th November 2015 requesting the provision of ESRI shapefiles of the 'red line boundary' of the site shown on certain specified drawings. I also refer to our subsequent email correspondence of 04th December 2015 with Ms. Jane Gilvarry in which the specific requirements to satisfy this request are set out.

Please find enclosed a CD containing copies of the requested shapefiles. A copy of each will also be placed on the application website.

It should be noted that when these shapefiles are uploaded to the Board's ArcGIS system, or any other third party system for that matter, the colour of the line forming the polygons may not necessarily appear as 'red' as the feature styling may be randomly selected by the importing system. Should that happen it would be necessary to edit the styling settings of the importing system to ensure that the colours of the lines present correctly.

I trust that you find this satisfactory.

Yours faithfully,

Aidan Geoghegan
